

Name: **Torres, Augustine Rie T.**

Student Number: **201810287**

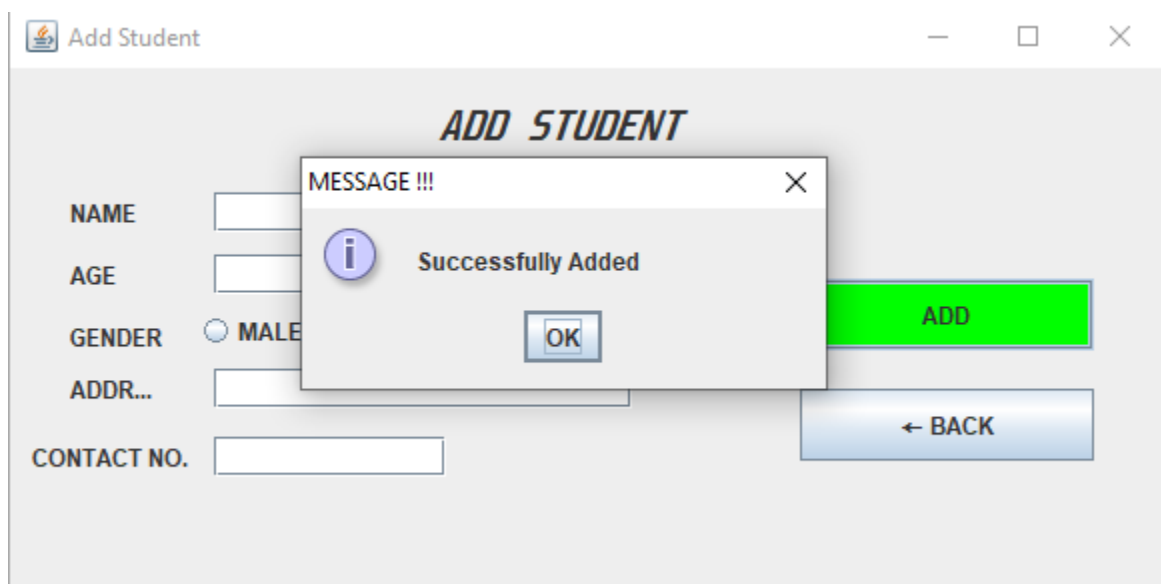

Course/Year/Section: **IT-3F**

## Interface Screenshots

The screenshot shows a window titled "Add Student" with a standard Windows title bar (minimize, maximize, close buttons). The window content has a light gray background. At the top center, the text *ADD STUDENT* is displayed in a bold, italicized, black font. Below this, there are five input fields arranged vertically on the left side, each with a label to its left: "NAME", "AGE", "GENDER", "ADDR...", and "CONTACT NO.". The "GENDER" field has two radio buttons, one labeled "MALE" and one labeled "FEMALE". To the right of these input fields are two blue buttons with white text: "ADD" and "← BACK".

Add Student Window

This screenshot shows the same "Add Student" window as the previous one, but with a modal message box overlaid in the center. The message box has a white background and a gray border. It contains the text "MESSAGE !!!" at the top, followed by a blue circular icon with a white lowercase 'i'. Below the icon, the text "Successfully Added" is displayed. At the bottom of the message box is a blue button with white text labeled "OK". The "Add Student" window behind the modal is partially visible, showing the input fields and the "ADD" and "← BACK" buttons. The "ADD" button is highlighted in green.
